FOR BEHOLD, FROM NOW ON ALL GENERATIONS WILL CALL ME BLESSED; FOR HE WHO IS MIGHTY HAS DONE GREAT THINGS FOR ME, AND HOLY IS HIS NAME. AND HIS MERCY IS FOR THOSE WHO FEAR HIM FROM GENERATION TO GENERATION.

LUKE 1:49-50

Moments of Prayer & Hope

Prayer is truly the foundation of everything we do. Throughout the year, our staff prayer chats stay active with many prayer requests and client updates. During the Christmas season, they take on a special weight as we remember the hope that entered the world in a manger, and the women and men still searching for hope right now. Here are just a few of the moments our staff was able to intercede on behalf of our clients this year:

"We are on a rescue mission today! Please pray as we bring the mobile unit out today for a woman who wants to begin the Abortion Pill Rescue protocol to stop the effects of the first abortion pill she took last night."

"Thank you for your prayers this morning, team! The client we saw was considering abortion, but after having an ultrasound and finding out how far along she is, she said she did not believe she could follow through and abortion is off the table for her. Continue to pray as she has a lot of hurt from her past that she is navigating."

"This client has a young child with a developmental disability. She is concerned about how she will be able to care for her child and a new baby. She came in wanting an abortion but after seeing an ultrasound she is reconsidering what she wants to do."

"Our client today experienced an abortion in the past, and is very undecided about this new pregnancy. She has endured many types of abuse, and had a lot of walls up during our appointment. Despite her painful past, she was open to me ending the appointment with prayer."

"Please pray for our nurse as she meets with a client who is considering abortion, and for our volunteer male mentor as he meets with her baby's dad. Pray for peace as they are very undecided about what to do. "

In this Christmas season—whether a client ends her appointment still undecided, chooses life, or begins a journey towards healing—we remain filled with hope. This hope, our Savior Jesus, that arrived in Bethlehem so many years ago still meets people in the ultrasound room, on the mobile unit, and in the 24/7 nurse chats.

Hope Has Come!

The night was still and the only sound was the soft breath of the animals. Mary held her newborn close, his warmth against her chest. She traced the curve of his cheek with her finger and wondered at the weight of him: so small, and yet the whole world felt different now that he was here. **Her hands were now holding heaven.**

Outside, one star burned brighter than the others. It did not flicker. Mary glanced toward the opening of the stable and felt a quiet certainty settle over her. The same God who had spoken to her months before was still speaking, not in thunder, but in the steady glow of that star and in the rise and fall of her child's breathing. "You kept your promise", she whispered. "You came, just as you said." Mary smiled through tired eyes. You could have come any way you wished, she thought, and you chose this. You chose us. The fear she had carried earlier in the journey had not vanished, but it no longer had the final word. In its place was a deep, steady hope; the kind that arrives without noise, the kind that stays. This is how you love, she realized. Not from a distance. Not in grandeur. But here, close enough to hold.

This is the hope we carry into this season at Alpha Center. The same Jesus who entered the quiet of a stable is the One to whom we bring every client, every fear, every undecided heart, and every prayer. He is still close. He is still overseeing every outcome. Because He came, we can keep coming to Him —trusting that Heaven still fits into the smallest, most tender places. And with this, comes the greatest of hope!

These prayer-chat updates are only a glimpse of the lives your support touches.

This Christmas, as we remember the hope that entered the world in a manger, please consider a gift of $500, $250, $100, or any amount so we can keep standing with the women and men who need that hope right now.

For HIS Unborn,

Leslee Unruh
