At Alpha Center, we love to celebrate mothers! Although many of our Alpha Moms will tell you the road to motherhood can be a complicated one, arriving at their baby's birth makes it a worthwhile journey.

This Mother's Day, let Alpha Center honor the special women in your life with a Mother's Day card. Simply send in your gift of \$150, \$100, \$50 or any amount in the enclosed remittance envelope. Fill in the name and address of each mother you would like to honor, and we will send them a special Mother's Day card.

Your financial gift to Alpha Center can support women, like Kally, through the difficult situation of an unexpected pregnancy. Because of services like our Mentor Program, when a man or woman walks out the door of Alpha Center, he or she will have experienced the compassion and love of Christ.

For HIS Unborn,

Leslee Unruh, Founder

Alpha Baby
HANNAH

A MOTHER'S DAY LOVE STORY

Kally would be the first to tell you that the past year has been a rollercoaster.

"I was involved in an abusive relationship when I found out I was expecting. I ended the relationship to protect my baby and myself. I agonized about being a single parent and realized I wanted my child to have more than the life I could give her by myself. It was heart-wrenching, but I decided to choose a family and place my baby in an open adoption. On November 21, 2018, I had a baby girl and put her into the arms of a couple who loves her as much as I do."

Getting to November 21 was not easy. Kally had a good friend refer her to Alpha Center.

"I am so blessed that my friend told me about Alpha Center. I know I would not be where I am today without all of their support. My Alpha Center mentor, Courtney, has not only given me guidance and encouragement, but she has also led me into a closer relationship with God."

Kally and Courtney still meet regularly for mentoring appointments.

"I do not know exactly what the Lord has planned for my life, but I have a feeling it is going to be wonderful because His plans are amazing. I have hopes of someday mentoring another young woman who comes to Alpha Center looking for the kind of care and reassurance I found."

Kally, Alpha Baby Hannah & Kally's Mother, Jolene

This year Mother's Day has taken on a new meaning for Kally.

"I appreciate how supportive my mom has been through this whole experience. She came with me to many of my Earn While You Learn appointments at Alpha Center and we have grown much closer. I also have a new admiration for all mothers and the love they have for their children. I may not see my daughter every day, but I will always be her mother. My daughter has two mothers...how cool is that?!"

A Word From Kally's Mentor, Courtney

Despite the nerves we both felt meeting for the first time, Kally and I connected immediately. We were both from small towns, had similar upbringings and endured a life-changing experience due to a toxic relationship. She is genuine and sweet, and I am still inspired by her story!

We came together at a very difficult time in Kally's life, and I wanted her to realize that her situation was NOT the end of her story. God was going to redeem her, restore her, and bring glory to His name despite the challenging circumstances she was facing.

It is a joy being Kally's mentor! I am also incredibly grateful to the Alpha Center staff who arrange our mentoring appointments—understanding the importance of healthy relationships, encouragement, and support during times of crisis in one's life.
