LETTER FROM THE FOUNDER

SUMMER IS SUCH a heart-warming time of year, especially with the heat we have already had! The gleam of constant sunshine does wonders for brightening the mind and spirit. Everyone seems to be busy catching back up on "normal" life—spending time at the pool, going to ball games, taking a vacation or gathering with loved ones for backyard barbecues. Compared to last summer, the possibilities and opportunities of things to get out and enjoy seem endless.

That is why we are inviting you, your family, friends and church community to partner with us in a summer-long *Move for Life*. After a year of isolation and disconnection, now is a great time to get out and be part of something that's bigger than yourself. Participating in *Move For Life* gives you an opportunity to impact the lives of precious unborn children and their families.

Ask me what my movement challenge is this summer—I'd be happy to share it with you!

For HIS Unborn,

Leslee Unruh

UNEXPECTED CHOICE: AN ABORTION DOCTOR'S JOURNEY TO PRO-LIFE

BY DR. PATTI GIEBINK

How does a pro-choice doctor who once performed abortions for Planned Parenthood wind up on the opposite side of this embattled issue? As Alpha Center Board Member Dr. Patti Giebink tells her emotional story in her recently released book, you will come away with a new understanding of the complexity of life, the risks of abortion, the power of prayer, and the greatness of God's love and forgiveness.
