“Alpha Center has equipped me to focus on my son and our future instead of worrying about how to afford diapers or other expensive baby necessities. The classes have been rewarding and helpful for growing in this new season of life. Thanks to Alpha Center, my son and I have enjoyed the first several months of his life free from worries that otherwise would have been present. We love the staff and how caring they are - they truly are the hands and feet of Christ!”

-Sarah

There are people today praying for the things I take for granted. It is humbling to meet clients, like Sarah, that prayed for safety as she escaped an abusive relationship, provision for her young child and courage to face the daily struggles of single parenting.

As you ponder the ways God has abundantly blessed you, would you consider a gift of \$500, \$250, \$100 or any amount so that we can continue reaching vulnerable women and men faced with unexpected pregnancies? A grateful heart is a magnet for miracles, and we are so thankful for the precious little miracles we witness daily!
